III Conferenza Nazionale

Cybersecurity nelle Infrastrutture critiche:
tipologie di rischio e risposte di sistema

20 Gennaio, 2020

# Atos ID card

**110,000**
experts worldwide

**Leading pure player in Europe[1]**
Top 5[2] digital world leader

**€1.2bn**
2019e operating margin

**€11bn**
2019e revenue

**Worldwide IT Partner**
Of **the Olympic and Paralympic Games**

Present in
**73 countries**

**c. 5,000 patents**
**c. €250m R&D**
per annum

Note: Data as of December 31, 2018
1) First European player 2) Pro-forma Syntel acquisition

# Atos in Cybersecurity

European #1 in providing cybersecurity services

**4500+**
security professionals

**50 million**
security events managed each hour

**170 million**
PKI certificates issued

**1.37 million**
unique IPs scanned for vulnerabilities

**3 million**
endpoints secured by Atos

**3.5 million**
IoT devices secured

**Leader & Number 1** Managed Security Services Provider in EMEA

**Leader & Number 4** Managed Security Services Provider Worldwide

**Leader** Security Services Provider in EMEA

**Strong Performer** Security Consulting Services Worldwide

- Behavioral analytics
- Dark Web
- IAM Consulting/Architect
  (design, sell tech)

AtoS

# Some topics to be addressed

► How Mature is our organization regarding Information Management, Security and Risk management and Record Management ?

– Are we compliant to GDPR, a/o PSD2, a/o DM, a/o D.L. 105/2019 ?

– In most organizations studies revealed that IT-departments and Data Security departments can act in different growth phases regarding maturity

– Transformation to Cloud-environments and usage of apps reveal new challenges

► Public & Private Purchase process

– Efficiency and performance: RFP management (e.g. bidders selection, evaluation criteria, etc)

– Fulfillment of  Customer requirements

**AtoS**

# Thanks
